Our Mission:

**Wellness, Education,
Recreation, and Socialization**

GASC provides outstanding services that are available to the citizens of the Geneva Area School District aged sixty (60) years and older. This district includes the City of Geneva, Geneva-on-the-Lake Village, and the townships of Geneva, Harpersfield, Trumbull, and Austinburg.

What is Geneva Area Senior Center?

Geneva Area Senior Center is a non-profit organization started in 2001 whose goal is to promote the health, well-being, and dignity of older Americans by serving as a focal point for advocacy, services, and information.

We are funded, in part, by the Ashtabula County Senior Services Levy. We also receive monetary and in-kind donations from the F.O.E. #2243, the V.F.W. post #6846, the City of Geneva, area businesses, and contributions from the general public.

We team with several area organizations, such as Job and Family Services, Mature Services, UHHS Geneva Hospital, Adult Protective Services, NAD, yo-OPPORTUNITIES, PACE, Friendly Neighbor Program, Geneva Area Food Pantry, Geneva Fire Department, Catholic Charities, Ashtabula Community Action Agency, area nursing homes, and many others to provide a better, happier, and healthier life for seniors in this area.

We are proud to serve this community and proud of our community for your continued support.

Thank you.
